S I R :

This is in response to the Restriction Requirement of June 15, 2007.

The Examiner requires that claims of the either the claims of Group I, claims 1-36, or the claims of Group II, claims 37-47 be elected for prosecution.

Applicants elect the claims of Group I, claims 1-36, drawn to a particle comprising a complex formed by a bioactive agent and a complexing agent, provided that the bioactive agent is other than a polynucleotide and an oligonucleotide. This election is made without traverse.

Applicants elect the following species for initial examination:

- a) bioactive agent - growth factor - PDGF (platelet-derived growth factor)
- b) complexing agent - dextran
- c) matrix - biodegradable polymer

The following elected claims are believed to be readable on the elected species: 1-36.
